Introducing MegaPath Connector:

Integrate VoIP with 25 CRM and Helpdesk Applications

MegaPath Hosted Voice service now integrates with the CRM, Helpdesk, and other applications that businesses use every day to improve how clients communicate, support and sell. MegaPath Connector is a simple plug-in that unlocks click-to-dial capabilities, automatic call logging, caller-info screen pops and advanced call analytics within applications including Salesforce, Microsoft Dynamics, SugarCRM, and Zendesk.

To learn more, read our [Press Release](#).

For a full list of integrations, visit our [Voice Integrations](#) page.
